About Us

Whether you are a contractor, builder, fabricator, structural steel manufacturer, infrastructure company or industrial buyer **VSSR Steel** is your complete supply partner.

VSSR Steel is a Hyderabad-based, trusted supplier of industrial steel products, structural steel, fasteners, and precision cutting solutions. With experience in the steel industry since 1991, we have built a reputation for reliability, quality, and customer-oriented service.

We understand that every construction, fabrication, and infrastructure project demands materials that perform. That is why we focus on supplying premium-grade steel that meets exact specifications, ensuring durability and strength in every application.

Product Range

VSSR Steel supplies high-grade structural fasteners and components for PEB and industrial projects. Our products ensure stability, load distribution, and long-term durability.

Foundation Bolts

- Anchor columns, machinery & equipment to concrete
- **Sizes:** M12 to M64 diameter
- **Types:** L-type, J-type, U-type, Straight
- **Finishes:** Plain, Zinc Plated, Hot Dip Galvanized
- **Length:** 100 mm to 1500 mm (custom available)

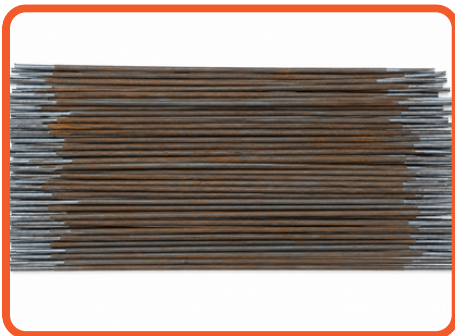

BASE PLATES

- Distribute column loads evenly over foundations
- **Thickness:** 6 mm to 100 mm
- **Custom sizes:** Square, Rectangular, Circular
- Precision-drilled holes to match bolt patterns
- **Finishes:** Mill finish, primed, or galvanized

CLAMP PLATES / CLINT PATTI

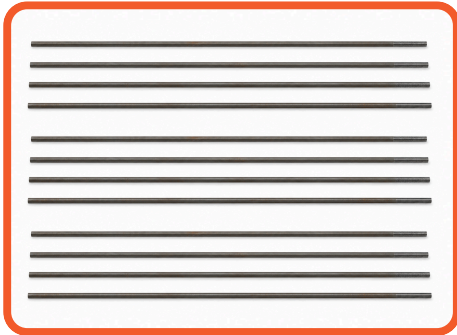

- Secure connections between beams, columns & trusses
- **Thickness:** 5 mm to 40 mm
- Custom shapes with pre-drilled bolt holes
- Ensures rigid, vibration-resistant joints

BRACE RODS

- Provide lateral stability against wind & seismic forces
- **Diameter:** 8 mm to 50 mm
- Threaded ends with turnbuckles for tension adjustment
- Prevents structural sway and buckling

Product Range

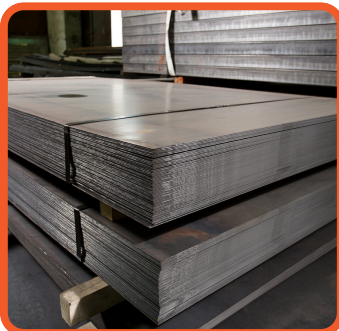

SAG RODS

- **Support purlins:** prevent roof/wall sagging Diameter: 8 mm to 25 mm
- Custom lengths as per purlin spacing
- Maintains roof flatness & cladding alignment

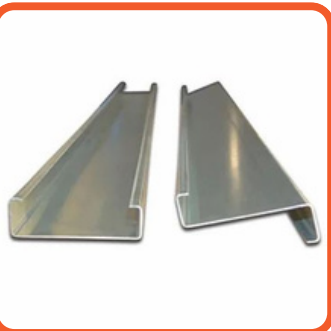

PEB Structures & Components

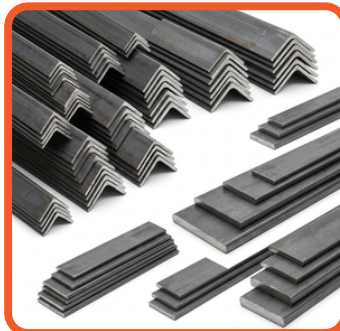

- **Primary Members:** Columns & Beams
- **Secondary Members:** Z & C Purlins
- **Bracing:** Sag Rods, Brace Rods, Tie Rods
- **Base:** Foundation Bolts, Base Plates, Clamp Plates
- **Roofing:** MS/CR Profiled Sheets

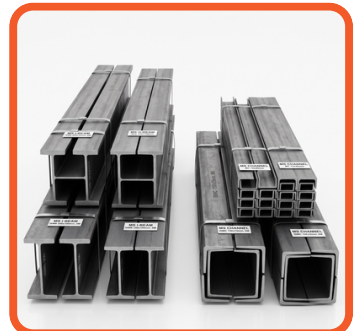

MS / CR Plates / Sheets

C/Z Purlin

MS Angles / Flats

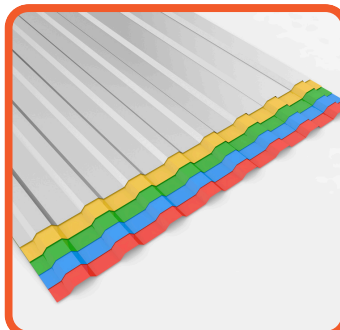

MS Beams / Channel

MS Pipes / Tubes

TMT / Rebar

Roofing Sheets

Wires & Fence Wires

Our Services

CNC Laser Cutting:

Precision laser cutting for MS plates, structural profiles, pipes, rods, and custom shapes. Computer-controlled for high accuracy, clean fine-quality edges, and repeatable results across large orders. Ideal for complex component shapes and tight-tolerance applications.

PEB Fabrication, Supply & Installation

Complete PEB structural kits — Primary Members (Columns & Beams), Secondary Members (Z & C Purlins), Bracing Systems (Sag Rods, Brace Rods & Tie Rods), Base Connections (Foundation Bolts, Base Plates & Clamp Plates), and Roofing & Cladding (MS/CR Profiled Sheets & Accessories). Fabricated in-house with precision cutting, drilling, bending & threading. On-site installation for fast, hassle-free project completion.
